

GAMBE PIEGHEVOLI FOLDING LEGS

Pensate specialmente per gli ambienti comunità, mense e contract, le gambe pieghevoli per tavoli hanno caratteristiche di semplicità e versatilità.

Semplicità sia nel montaggio delle gambe che nel loro meccanismo di chiusura. Versatilità, perché piegate riducono al massimo l'ingombro del tavolo.

Leggere e maneggevoli, rendono i tavoli facilmente impilabili.

Le gambe per tavoli sono in metallo verniciato con polveri epossidiche disponibili nelle finiture cromata, alluminio goffrato, o nero semilucido.

Developed purposely for community, canteen and contract use, these folding table legs are simple and versatile: simple because they are easy to fit and provided with a very simple folding mechanism, versatile because when folded they minimize overall table dimensions.

They are also lightweight and easy to handle and make tables easy to stack.

The table legs are made of epoxy painted metal available in chromium-plated, embossed aluminium or semi-polished black finish

3000 CON BLOCCAGGIO IN PLASTICA - 3000 WITH PLASTIC LEG LOCKS

Piedino fisso o regolabile
Fixed or adjustable foot

Lunghezza minima del piano: 120 cm
Minimum top length: 120 cm

PARTI IN METALLO - METAL PARTS

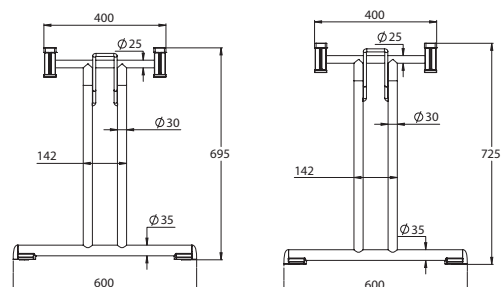

Cromato
